VANDALS CAUGHT AT PAPER CO.

Two juveniles were caught over the week-end when they were found tampering with equipment at the Torrance Paper-Stock Co., 1030 Engracia Ave., according to police.

S. H. Burns, one of the owners of the company, stated that juveniles have been monkeying with the equipment on a number of week-ends now.

They broke a barrel of oil which could easily have ignited. They also drove around some of the equipment, damaging a lift truck and semi-truck.

"Some one is liable to get hurt and even killed doing this," Burns commented.

A WOMAN cannot love a man she feels to be her inferior; love without veneration and enthusiasm is only friendship.—Mad. Dudevant.

City 2nd In Building For August

Torrance building activities for the month of August ranked in second place among incorporated cities in Los Angeles county, according to a county-wide construction report prepared by the Los Angeles Chamber of Commerce.

Torrance's \$4,522,012 valuation was topped only by Los Angeles city's \$56,012,719. Long Beach with its \$4,495,580 and Arcadia, \$4,265,187, followed Torrance.

In the unincorporated county, three district offices surpassed Torrance: Bellflower, \$9,131,360; Puente, \$7,077,138; and San Dimas, \$4,881,955.

The Case of The Unguided Missile . . .

A driver of a tow-truck who thought he was still towing another truck was in for rude awakening when he suddenly heard a thud and noticed that the truck had run into the Lund Co. insurance building at 2367 Torrance blvd., Monday.

Marion Smith, 38, of Compton, driver of the tow-truck, explained to police that he thought the driver of the truck he had been towing was still in the truck after they had stopped for a brief pause.

However, the man had gotten out for a few minutes, leaving the truck driverless. Damage to the Lund building was slight.

Subcontracts Let For Newest McCarthy Tract

Announcement has been made through James H. McCarthy, vice-president of The McCarthy company, pioneers in land development since 1892, of the letting of subcontracts for the 117 Rollingwood Estates in Palos Verdes.

Acting as sales agents for the development, McCarthy indicated that George Sant, Walter R. Sant & Sons, San Marino, in charge of the construction, has signed with all the subcontractors participating in the first unit of 130 homes.

Among the features indicated in the contracts are several departures from the usual tract development. The General Floor company will supply hardwood floors to be laid a full 18 inches off the ground, while Selectite company is to furnish ceramic rather than plastic tile.

Both the forced air furnaces and the hot water heaters will be from the Pioneer Heating Company. The sliding patio doors will be furnished by the Horizon Door company, while the interior folding doors will be from Radford Supply Company and Charlton Products.

Carter Hardware company signed a contract for hardware. National Door and Service company signed for the garage doors while other sash and doors will be supplied by Deats

Realtor Tells Of Successful Summer Quarter

"Summer selling was better than ever," reports Charles Stearns, branch manager of the McCarthy company's Gardent office at 14330 S. Crenshaw. "We had an excellent summer quarter during June, July and August."

The Gardena office, only one in a chain of 17 offices operated by the McCarthy company, sold a total of 16 houses during this three-month period for a total volume of \$195,395.00.

Stearns stated that undoubtedly the McCarthy company's policy of leading the home buyer a portion of the down payment if he needs it, brought many buyers into his office during what is usually considered a slow period for real estate.

Charm Course Taught At Local YWCA
